

MUSIC LICENCE AGREEMENT: "PINEBERRY RUSH"

This agreement is made on October 7, 2026 between:

Licensor: [Mejer's legal name], known professionally as "Mejer", Denmark, [email]

Licensee: Ryan Whitehead, developer of the video game PANOPTICON, publishing as "neotechnites", ryan@neotechnites.com

1. Track. "Pineberry Rush" by Mejer: both the musical composition and the sound recording (master) (the "Track").

2. Licence. Licensor grants Licensee a non-exclusive, worldwide, perpetual and irrevocable licence to synchronise, reproduce, distribute, publicly perform and make available the Track (composition and master) in:

- a) the video game PANOPTICON, including all versions, updates, demos, ports and editions;
- b) the PANOPTICON reveal trailer and any other trailers for the game; and
- c) short videos, clips, advertisements and other promotional material for the game,

in any medium or platform (for example Steam and other stores, YouTube, TikTok, X, Instagram, Discord, websites, festivals, showcases and paid advertising). Licensee may let its publishers, distributors, platforms and marketing partners exercise these rights on its behalf, for PANOPTICON only.

3. Edits. Licensee may edit the Track to fit (cut, trim, loop, fade, change length, mix under dialogue and sound effects, sync to picture), and Licensor consents to these edits. Licensee will not remix or rearrange the Track, and will not release it as standalone audio (for example a soundtrack album or on music streaming services) without separate written permission.

4. Players and creators. Players, streamers and content creators may record, stream and monetise gameplay videos and livestreams that contain the Track as it plays in the game. Licensor will not claim or take down such content.

5. Fee. Licensee pays Licensor a one-time fee of USD 150.00 on signing. No royalties or further payments are due for any use under this agreement. Each party is responsible for its own taxes; if asked, Licensor will provide a standard tax form (for example IRS Form W-8BEN).

6. Ownership and warranties. Licensor confirms that they wrote, recorded and own 100% of the composition and the sound recording; that the Track contains no samples or third-party material; that they have no label, publisher, distributor or collecting-society arrangement (for example KODA) that prevents this licence or requires further payment for these uses; and that nothing else prevents them from granting it. Licensor keeps full ownership of the Track and may license it to others.

7. Content ID. The Track is not registered with Content ID or any similar system. If Licensor or anyone on their behalf registers it in future, Licensor will first whitelist Licensee's channels and promptly release any claim against uses allowed by this agreement, including player and creator content under Section 4.

8. Credit. Licensee will credit "Music: 'Pineberry Rush' by Mejer" in the game's credits and, where practical, in descriptions of videos using the Track, with a link to Licensor's page. Licensee may use the name "Mejer" for this credit and to promote the game. An accidental failure to credit is not a breach; Licensee will fix it in future versions or uploads within a reasonable time after being told.

9. No termination or injunction. Once the fee is paid this licence cannot be cancelled. If Licensee breaches this agreement, Licensor's remedy is a claim for money damages only; Licensor may not stop

the development, release, sale or promotion of PANOPTICON or its trailers.

10. Transfer. Licensee may transfer this agreement to a company it forms, or to any publisher or buyer of PANOPTICON, by notifying Licensor by email. Licensor may transfer it to a future owner of the Track, who will be bound by it.

11. Law and disputes. The parties will first try to resolve any dispute in good faith by email. Any claim must be brought in the courts of the country where the party being sued is based, under that country's law.

12. General. This is the full agreement for the Track and replaces any earlier discussion. Changes must be in writing and agreed by both parties (email is enough). If any part is unenforceable, the rest still applies. This agreement may be signed electronically or by exchanging signed copies by email or PDF, and each copy counts as an original.
